

Teaching panel and Examiners  
**Board of Study in Agricultural Engineering**  
**Year 2020 – Semester 1 and 3**  
*Agricultural & Biosystems Engineering*

| <b>Course No.</b> | <b>Course Title (No. of Credits)</b>                            | <b>Names of Lecturers</b>                                |
|-------------------|-----------------------------------------------------------------|----------------------------------------------------------|
| AE 5157           | Solid Waste Management (2)                                      | Prof. B.F.A. Basnayake<br><b>Dr. A. K. Karunarathna</b>  |
| AE 5111           | Engineering Mechanics (2)                                       | <b>Prof. Ranjith Dissanayake</b>                         |
| AE5102            | Thermodynamics (2)                                              | <b>Dr. Primal Fernando</b>                               |
| AE5109            | Soil Mechanics (2)                                              | Prof. B.F.A. Basnayake<br><b>Dr. A. K. Karunarathna</b>  |
| AE5117            | Numerical Analysis in Agricultural Engineering Applications (2) | <b>Dr. Rekha De Silva</b>                                |
| AE 5106           | Physical Properties of Agric. Products (2)                      | <b>Prof. D.A.N Dharmasena</b><br>Prof. K.S.P. Amaratunga |
| AE 5167           | Process Control & Automation (2)                                | <b>Prof. K.S.P. Amaratunga</b>                           |
| AE5112            | Farm Mechanization (2)                                          | <b>Dr. D.N. Jayatissa</b>                                |
| AE5104            | AE5104-Engineering Drawing (2)                                  | <b>Prof. K.S.P. Amaratunga</b><br>Dr Neel Gunasekara     |

Coordinator - *Agricultural & Biosystems Engineering*

Prof. K.S.P. Amaratunga
