<http://www.pgia.pdn.ac.lk/>

2025/26

Master of Geo-Informatics

- Duration: 1 year (Course work only)
- SLQF Level 9

M.Sc. in Geo-Informatics

- Duration: 2 years (Course work + Research)
- SLQF Level 10

Lectures are conducted online

(Lectures will be delivered online, while practical sessions, and examinations will be conducted on ground)

The broad aim of this programme is to develop the required knowledge –based expertise and skills ins Geo-informatics and related spatial sciences to support the development agenda of the country.

Who can Apply

Candidates possessing a bachelor's degree, preferably Physical and Biological Sciences, Agriculture, Natural Sciences, Engineering, Geography, Medicine or any equivalent qualification from a recognized institute of higher education acceptable to the Senate of the University of Peradeniya.

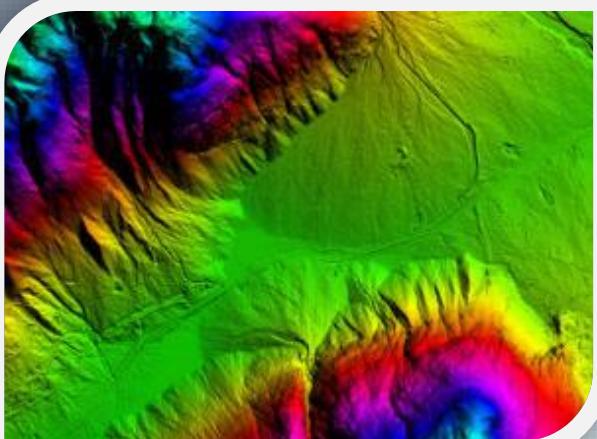

What you learn

- Geographical Information Systems (GIS)
- Remote Sensing
- Global Positioning Systems
- Spatial Statistics
- Spatial Database Management
- Spatial Modeling and Analysis
- Microwave Remote Sensing
- Spatial Data Infrastructure

Why Choose Us

- Prestigious Postgraduate Qualifications
- Distinguished Faculty
- Robust, Industry-Relevant Curriculum
- Hands-On Learning Experience
- Expanded Research Opportunities

Application Deadline: 10th March, 2026
