

## **Revitalizing Tropical Agriculture Research (TAR) Journal of PGIA**

The first issue of the 31st volume of the Journal Tropical Agricultural Research (TAR) was launched at the Inaugural Session of the 31st Annual Congress with the objective of helping it to become a journal maintain the highest scientific integrity. Dr. Chalinda Benaragama, one of the Chief Editors of the TAR Journal presented the achievements and the future directions of the journal to the congress audience. From this year onwards, the journal is open for accepting papers year around and will also be open for non-postgraduate research. Tropical Agriculture Research Journal is an indexed Journal in Directory of Open Access Journals (DOAJ) and CiteFactor. Hard copies of the Journal can be purchased from the Congress office of the PGIA and the also available online.
